Substance Use Certification

The Michigan Board of Certified Addiction Professionals (MCBAP) awards state-level substance use-related credentials such as the Certified Alcohol and Drug Counselor credential (CADC). Employment opportunities may be enhanced for graduates who begin employment and submit a development plan to MCBAP following graduation. Additional requirements (examination and clinical hours) are the responsibility of the graduate and require working directly with the employer to pursue certification following supervised practice.

Program Recommendation

Students planning to pursue graduate work are advised to discuss their plans directly with their academic advisor to ensure effective academic planning and advising.

Continued Matriculation/Graduation Requirements

- A grade of "C" must be earned in all courses required for the major. An overall GPA of 2.0 must be maintained.
- A student recovering from addiction that has a lapse or relapse while matriculating is required to inform the program director so that a collaborative remediation plan may be arranged.

Advising

Students must meet with their academic advisor each semester to have their advising hold removed. This meeting is required in order to register for classes for the upcoming term.
